

Saint Timothy SCRIP Program

Back to School News!!!

September 19, 2011

Welcome back!! We are so happy to be back to work here at Saint Tim's. We are very excited to introduce ShopWithScrip to our SCRIP Program. When you enroll for ShopWithScrip you will be able to go on-line and place your SCRIP order. There are many retailers, restaurants and other businesses that are available on the site who were not usually listed on our special order form. You will not be able to order our local businesses on the web site because we purchase them directly. Also, we suggest that you continue to purchase your ACME and ShopRite in the SCRIP office. They are available from ShopWithScrip; however, your rebate credit will be higher if you purchase it in the SCRIP office. On the back of this flyer I have added a copy of the procedure to enroll for ShopWithScrip. Log onto **shopwithscrip.com** and follow the step by step instructions. I have listed the enrollment code on the flyer along with my contact information. Please do not hesitate to contact me.

We will still have our regular procedures in place in the SCRIP Program. A list is available with the regular inventory that is in stock for your cash and carry convenience. Some of the percentages are being updated to reflect the new accounting procedure we will be using. When you log onto shopwithscrip.com you will see the list of the gift cards along with the total rebate credit (percentage). The amount that will be credited to your tuition will be ½ of the rebate credit (percentage) you will see on the site. The other ½ of the rebate credit will go to parish fundraising. For example if you purchase a gift card for CVS and the site reflects a rebate of 4% - 2% of your purchase will be applied to your tuition credit and 2% will go into the parish/school account. **Your ShopWithScrip order must be placed on the site no later than 10 am on Friday morning.** The orders will be processed and ready for pick up the following week during regular SCRIP hours. **You will not be able to pay for your order online. You must pay for your order when you pick it up.** I think this is a great addition to our SCRIP Program as do the families I have been working with over the summer. They are very pleased with the convenience of ordering online on their own time, then coming into the SCRIP office to pick it up. The order is complete and ready to go, they just add their supermarket purchase or local businesses and off they go.

Keep sending in your Box Tops and Campbell soup labels!! You can send them to school, bring them to the SCRIP office or leave them in Church. They all make their way to the library to help buy books and other things your school needs. Keep up the great work!!!

Please visit the SCRIP page on the Saint Timothy Website
